

Safety Signage

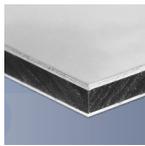

Solutions for Construction, Industrial, Chemical, Logistics, Pharma, Education, Food, Office & Retail

Safety signage solutions from Snap

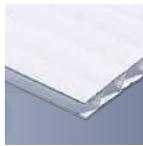

Signage Materials

Snap can produce signage on a vast array of materials that meet the needs of your application. Whether its indoor, outdoor, permanent or temporary, talk to Snap about the perfect solution for you.

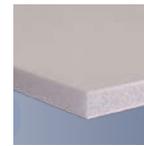

Dibond (Aluminium Composite)

Comprising of two aluminium cover layers and a polyethylene or mineral core.

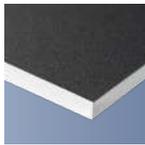

Corrugated Plastic

Fluted and rigid sheet of polypropylene. It contains two surface layers as well as a reinforced centre piece.

Foamboard

Lightweight and consists of a board of polystyrene foam clad with an outer facing of paper.

PVC - Rigid

Closed-cell PVC foamboard. Solid with a very rigid structure that is robust for indoor/outdoor use.

PVC Banner - Flexible

Supplied with hemmed edges and eyelets for fixing with rope or cable ties.

Mesh Banner

Printed on a polyester material that allows the air to blow through.

Acrylic, Perspex, Plexiglass

Cast polymer that is transparent and a perfect substitute for traditional glass.

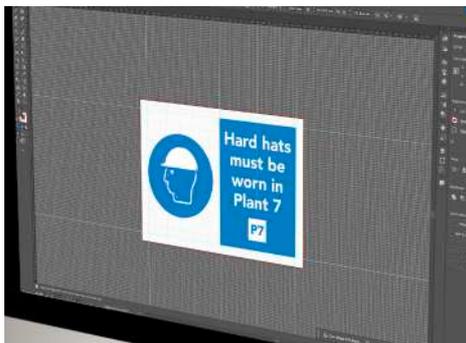

Adhesive Vinyl

Flexible and self-adhesive, it can be applied to many surfaces, walls, floors etc.

Magnetic

Signs that can attach to metallic magnetic surfaces. Can be flexible or rigid.

Custom signs

Our design team can create and customise signs that promote your safety messaging and policies. Incorporate your brand colours, logos and create bespoke sign sizes to suit your workplace.

Site Survey

Talk to Snap and arrange a site survey. Our team have a vast knowledge of materials and safety experience when it comes to signage installation.

Installation

Snap can ensure signage is installed correctly and safely. Adhering to your companies safety procedures and inductions. We can also provide a detailed Risk Assessment Method Statement.

Contents

Hazard & Warning		04
Mandatory & PPE		10
Prohibition		14
Safe Condition		18
Site Safety		22
Vehicle & Traffic Management		24

Yellow

Warning signs are used to show a specific danger, they can indicate a general hazard/danger and are sometimes known as hazard/caution signs.

Blue

Mandatory health and safety signs signal the need for certain behaviours and instructions. It conveys information that you must comply with to be safe.

Red

Prohibition signs are used to signify the prohibition of a certain act, area or event. Fire safety signs are also indicated in red.

Green

Safety signs that are green are either first aid signs or emergency escapes. They indicate a safe place or a safe route to take.
